

## HANDS ACROSS AMERICA TOUR

### Message from home...

*Hands Across America...what does this mean to you?  
Does a memory come to mind or possibly a vision?*

*When I think of Hands Across America it stirs many different emotions and visions within me...*

- People helping people; unselfishly wanting to make a difference for others*
- Families making memories together; without stress or worries or limitations*
- Joining forces for a common cause; like collecting canned goods at a team meeting for the local homeless kitchen or helping organizations raise money with a fundraising event*
- Celebrating the simple things that matter with those we care about; as well as an opportunity to add to this circle of support with life-long friendships*
- "Together we stand...and if our backs should ever be against the wall...we'll be together... together you and I."  
(Okay – I know I'm dating myself here! Hahaha)*

*On a serious note, I can't imagine where I would be without the many mentors that have walked along the path with me. And now, I pray to pay it forward and continue to add one hand and then another and then another...I hope you'll join me.*

*Hugs,
